A BRIEF HISTORY OF THE LIMELIGHT HOTELS

Long before Limelight Aspen welcomed travelers from around the world, this corner of town was already a gathering place.

It started as the Ski & Spur Bar, serving skiers and outlaws alike in the spirit of the Wild West. In the 1950s, new owners renamed it "The Limelite" and turned it into a dinner theater and nightclub. Folk singer Glenn Yarbrough loved playing there so much, he bought the place, taking the stage regularly with his trio, the Limeliters, alongside a steady stream of stars like Judy Collins and the Smothers Brothers. By 1962, Glenn's rising fame made running a bar nearly impossible, so he sold it to the Paas family, local Aspenites who kept the Limelite thriving for decades and later expanded it into the Limelite Lodge—the first in Aspen with televisions, phones, air conditioning, fridges, and a welcome for pets.

For half a century, skiers and vacationers flocked to the Limelite. In 2005, the Paas family rebuilt it as a brand-new, 126-room hotel, and in 2012, Aspen Skiing Company purchased the property and renamed it Limelight Aspen.

That same spirit lives on today. Thoughtfully designed rooms, a relaxed ambiance, and spaces built for both business and good times set it apart from anywhere else in town. And the heart of the place, the reason people keep coming back, hasn't changed at all.

Whether you're hiking above treeline, skiing untouched corduroy, catching a show downtown, or simply taking in the mountain air, you'll always have a place to come back to.

Today, Limelight Hotels can be found in Aspen, Snowmass, Denver, Boulder, Ketchum, Mammoth Lakes, and soon Charleston. Each property reflects the community around it while sharing the same belief: the best stays begin with a great location, thoughtful design, and people who genuinely love where they live.

Stay curious. Stay where the story starts.

FAMILY INFORMATION

Adventure looks a little different for everyone, and we're happy to help families make the most of their stay with recommendations, activity ideas, and babysitting arrangements upon request.

For everyone's safety:

- There is no lifeguard on duty at the hot tub area.
- Children 12 and under must be supervised by an adult (18 or older) at all times in all areas of the hotel, including the pool and hot tubs.
- Children 13 to 17 should not be left alone.
- Bikes, scooters, skateboards, and similar equipment are welcome on roads and designated paths—not in hallways, the parking garage, or walkways around the hotel.

If you have questions or need family-friendly recommendations, we're always happy to help.

DOGS WELCOME

Around here, dogs are part of the adventure.

A limited number of dog-friendly guest rooms are available for an additional $50 per night, per pet. Dogs are welcome in the hotel's public areas, but not in the courtyard, pool, hot tubs, or lounge (certified assistance dogs excluded).

Please keep your dog leashed and help us keep the hotel welcoming for everyone by cleaning up after them. A designated dog walking area is located next to the courtyard, and Wagner Park is just across the street for longer strolls.

Need a dog walker or pet sitter? The Front Desk can help arrange one.

SMOKE-FREE STAY

Limelight Aspen is a smoke-free property, including guest rooms, balconies, and outdoor public spaces.

Thank you for helping us keep the mountain air fresh for everyone.

SUSTAINABILITY

Thoughtful choices, from reducing single-use plastics to supporting the causes that keep this valley thriving, help us protect the mountains and communities that make this place special.

We're proud partners in the Environment Foundation, a collaboration with the Aspen Community Foundation and the Aspen Skiing Company Family Fund dedicated to protecting the regional environment. We also support the Caring for Community Fund, funded by Aspen One employees (Limelight team members included) and matched two-for-one by the company, which helps Roaring Fork Valley families access child care, mental health and addiction support, and a path back on their feet.

If you'd like to learn more about Limelight's sustainability efforts or community partnerships, stop by the Front Desk. We'd be happy to share more.

RECYCLING

The places we love deserve our care.

Recycling stations are located throughout the hotel, with convenient bins near guest elevators and on each floor.

Thank you for helping us reduce waste and care for the place we all came to enjoy.

EXPLORE ASPEN

Some trips call for a plan. Others are better with a little room to wander.

From mountain trails and gallery strolls to patio lunches and live music, Aspen rewards curiosity. You're already in the middle of it all—we're here to help you discover what comes next.

Looking for a favorite hike? The best lunch after a morning on the mountain? A scenic drive, hidden viewpoint, or tonight's live music? Just ask. Our team loves sharing the places that make Aspen feel like home.

ASPEN AT ALTITUDE

Aspen sits at nearly 8,000 feet above sea level, and while the views are incredible, the elevation can take some getting used to—often showing up as headache, fatigue, shortness of breath, or trouble sleeping.

A few simple tips can help you feel your best:

- Drink plenty of water throughout the day.
- Take it easy when you first arrive.
- Eat regular meals and snacks.
- Limit alcohol during your first day or two.
- Get a good night's sleep.

If you're feeling unwell or have concerns about altitude, please let us know. We're happy to help you find the care or resources you need.

WEATHER IN THE MOUNTAINS

Aspen enjoys more than 300 days of sunshine each year, but mountain weather likes to keep things interesting.

Summer mornings often begin cool before warming into sunny afternoons, with brief afternoon thunderstorms not uncommon. Winter brings bluebird ski days, fresh snowfall, and crisp mountain air.

Layering is almost always the right call—especially if your plans take you from town to the summit.

WILDLIFE

Sharing the mountains means sharing them with the locals. You may spot elk, deer, foxes, marmots, moose, or even the occasional black bear during your visit. Watching wildlife in its natural habitat is one of the great joys of being here, but it's important to give animals plenty of space.

A few friendly reminders: observe wildlife from a safe distance, never feed wild animals, keep food and trash secured, if you encounter a bear, stay calm, give it space, and slowly back away.

Keep dogs leashed when exploring nearby trails. Respecting wildlife helps keep both animals and people safe.

BEAR AWARE!

When out and about please consider the following:

- You should make noise while entering a quiet or dark area so that if a bear is present, it hears you and knows you are passing through.
- Please stay calm. Never run.
- Always keep your distance and if you see a bear, back away slowing, facing the bear.
- Always avoid direct eye contact. Black bears are less agitated when they feel less threatened.
- Be extra careful around a female with cubs. If you find a cub on its own, assume the mother is near.
- You should not throw food to distract a bear as this teaches the bear to associate humans with food and will increase human/bear encounters.
- You should not gather around the bear.
- If you are attacked, fight back.

LEAVE NO TRACE

The best adventures leave little behind.

Whether you're hiking, biking, fishing, or enjoying a picnic in the park, help keep Aspen beautiful by staying on designated trails, packing out what you pack in, and respecting wildlife and natural spaces.

Small choices make a big difference—and help ensure these mountains stay just as unforgettable for the next visitor.

WINTER STARTS HERE

The best ski days begin before the crowds, continue well beyond the lifts, and end with stories worth telling.

Staying at Limelight Aspen means more than having a comfortable place to come back to. It means access to unforgettable mountain experiences that help you see Aspen Snowmass from a different perspective.

Our Front Desk and Ski Concierge are happy to help you reserve seasonal experiences throughout your stay.

FIRST TRACKS

Fresh corduroy. Quiet slopes. A mountain that feels like it's yours.

Join one of Aspen's most beloved traditions and load Aspen Mountain's Silver Queen Gondola at 8am, before the mountain opens to the public. Participants depart the hotel at 7:45am—watch the sun rise over town, take in the stillness, and enjoy first turns on perfectly groomed snow.

First Tracks runs select Friday mornings throughout the winter season, limited to intermediate and advanced skiers and riders 18 and older. Advance reservations are required; contact the Front Desk to reserve your spot.

INSIDE TRACKS

Ski with someone who knows every favorite run.

Inside Tracks is an on-mountain guide service, included for Limelight guests, led by Aspen Snowmass Ski & Snowboard School pros.

This isn't a lesson, it's your chance to explore the mountain with locals who know where the best snow hides, which runs are skiing best, and where to stop for lunch along the way. Meet fellow guests, discover new terrain, and spend the day skiing like an insider. Available Mondays and Thursdays, January through March. Contact Ski Concierge for details.

GROOM THE MOUNTAIN

When the chairs stop spinning, another kind of work begins.

Ride shotgun in a Prinoth Bison 350 snowcat as it lays down carpets of corduroy for early risers, with wrap-around windows for sunset views over downtown Aspen while your operator, an artist in their own right, shows you what it takes to reshape the mountain every night.

Keep it between us: only two spots are available per night, reserved for guests of Limelight Aspen, The Little Nell, and Residences at The Little Nell. Contact the Ski Concierge to arrange your grooming adventure.

SKI PATROL SWEEP

Ever wonder what happens after the lifts close?

Join Aspen Ski Patrol for the mountain's final sweep of the day, making sure every trail is clear before the mountain settles in for the night—an unforgettable look behind the scenes of every ski day.

Open to intermediate and advanced skiers and riders who are guests of Limelight Aspen, The Little Nell, and Residences at The Little Nell.

SNOWCAT TOURS

Powder days don't get much better than this.

Climb aboard The Little Nell Powder Cat for a guided day on the back side of Aspen Mountain—up to 11 others join you for 10 to 15 untracked runs across a blank canvas of intermediate to expert terrain, followed by a late lunch at a wood stove-heated cabin in the heart of the Elk Mountains, paired with wines specially bottled for Element 47, the restaurant at The Little Nell.

Reservations are required, and availability is limited.

FOUR MOUNTAINS. ENDLESS POSSIBILITIES.

Aspen Snowmass is home to four distinct mountains, each with its own personality.

Aspen Mountain (Ajax): Steep terrain, iconic views, legendary après, and a gondola that delivers you straight into downtown.

Snowmass: The largest of the four mountains, with wide-open groomers, family-friendly terrain, gladed runs, terrain parks, and plenty of room to explore.

Aspen Highlands: Known for expert terrain, Highland Bowl, and a loyal local following.

Buttermilk: A favorite for beginners, families, and home to world-class terrain parks and the Winter X Games.

Not sure where to start? Our team can help you choose the mountain that matches your day.

BEYOND THE SLOPES

Winter adventures don’t stop when you step out of your skis.

Ask us about snowshoeing, cross-country skiing, winter sightseeing, shopping downtown, live events, arts and culture, or simply finding the perfect place to warm up with a great meal after a day outside.

Every season tells a different story. Winter just happens to be one of our favorites.

UNTIL NEXT TIME

We hope you found a new favorite trail, stayed a little longer in The Lounge, discovered something unexpected, and left with a few stories worth telling.

Whenever you’re ready for your next adventure, we’ll save you a seat.

See you soon.
